

SCOPES is group of parents dedicated to improving the lives of families in our community, especially those with children who can and should receive special education services.

Our key objectives include:

- Providing outreach and a support network for parents, including a website that will provide access to relevant information and links.
- Collaborating with Stamford Public Schools in an effort to continually improve the educational opportunities available within our schools.

Who will SCOPES help?

- Parents and/or guardians of children from birth to age 21 who receive special education services in the community.
- Parents who think their child may have learning issues, behavioral issues, attention issues, who may not have many friends, or who is socially isolated .
- Parents who are just learning about the special education process and Individualized Education Plans (IEPs).
- Parents who need support and would like to learn to advocate more effectively for their children.

*For more information, please go to the SCOPES tab on the Parent Teacher Council's website:
